Notice to Shareholders

On September 18, 2007, Burst.com was issued its newest patent from the U.S. Patent & Trademark Office (PTO). Patent # 7,272,298 is entitled "System and Method for Time-Shifted Program Viewing. The listed inventors are Richard Lang and Eric Walters, Burst.com's Chairman/CEO and Vice-President of Operations, respectively. The patent rights were assigned to Burst.com in 1999 as part of Burst.com's acquisition of Time-Shift TV. The patent can be viewed online at the following URL: [DVRpatent](#).

Also, On September 28th 2007 Burst submitted a Terminal Disclaimer to the PTO. The effect of this filing is to confirm with the PTO, and the public at large, that Burst's U.S. patent # 5,164,839 will now have the same expiration date (December 27, 2008) as its related patent, U.S. 4,963,995.
